There were a few highlights from last week's meeting I'd like to bring to your attention:

Speaker, Tim Leonard, from L&M here in the Industrial Park, had some interesting information regarding [light technologies to combat viruses like Covid-19](#). I have attached here a sheet he passed out listing various companies and their various solutions. If you want more information, you can go to laface-mcgovern.com or contact them at the phone number or email listed on the flyer. There are many solutions from \$100 to \$30,000+

It was decided at the meeting that our 2020 [dues](#) would carry forward through 2021 since we haven't had that many meetings this year. Therefore, if you paid the \$100 dues for 2020, you will not be receiving an Invoice for 2021.

We will be setting up [CPR certification classes](#) with Tri-Community South during October/November. Only 12 per class due to safe distancing. Please let me know if you are interested in sending anyone from your company for this class. Cost for Industrial Park companies is \$25/person. I believe the class lasts about 2 hours. Open dates when I checked were on Oct.. 6th or 13th or later. Please let me know ASAP, then I'll set up some dates.

It was also decided at the meeting that we would have our Fund Raiser again this year for the [Blackhawk Relief Fund](#). If you recall, last year we collected gift cards to be passed out by the Fund before the holidays. We raised \$1300 within the Industrial Park last year. I hope we can beat that amount this year. I will be sending out more information about this around Oct. 1st.

The [Bethel Park Baseball Assoc.](#) will be holding its Golf Scramble on October 17th at the Chippewa Golf Course. Starts at 1:00. If you would like to sponsor a hole, the cost is \$100. If you want to play golf, the cost is \$80 per golfer. Please contact Evan Sivetz of Verichek here in the Park at 412-854-1800 if interested.

Stay safe!
